

Dear Patients,

At Bruckerhoff Internal Medicine Associates we are concerned for our community's health and our employees. We want to ensure you have peace of mind when visiting our office. Please know we are taking enhanced precautions as we always do, to keep our office safe and virus free by cleaning all treatment rooms between patients with medical grade disinfectant.

If you are sick or have a fever, we encourage you to contact our office before coming in. In addition, we are doing our part to protect the community and reduce risk of exposure during this time, we pride ourselves on staying up to date with the best technology tools that better assist in the treatment of your healthcare. A wonderful option we provide is Telemedicine Visits. By using a secure connection and your smartphone or computer, you can have a face-to-face visit with Dr. Bruckerhoff remotely - no matter where you are!

While there is no perfect substitute for an in-person appointment, and we love the opportunity to interact with our patients in person. We understand in cases like this where due to the circumstances patients may not be in a position to come to the office due to high risk factors, we are happy to schedule a Telemedicine Visit. If you'd like to schedule a Telemedicine Visit, reschedule your appointment, or have any questions at all please call our office at (817) 775-1005.

We will continue to offer Compassionate Comprehensive Healthcare to you and your loved ones.

Thank you,
Dr. Bruckerhoff and Team
